WINCHESTER VISITED BY WORST DISASTER IN YEARS

Our neighboring city of Winchester was visited about eight o'clock Saturday night by what will probably for many years be known as the worst disaster in the history of that progressive city. Twelve persons were instantly killed, and twenty-five were seriously injured when the walls of the Luman building adjoining, which had just passed through a disastrous fire, caved in on the Pastime Theatre, next door.

The dead are A. Feld, aged sixty-five, a brother of Mr. David Feld, of Paris; Houston Nole, 21; Geo. Frisby, 12; Houston Frisby, 8; Robert Baber, 33; Jesse Adams, 16; Andrew Heeney, 11; Tommy Thomas, 12; Rosa Spears, 17; Russell Smith, 12; Coleman Slinchman, a small boy.

The first show at the Pastime, which is a moving picture house, had just started, with a Wm. S. Hart picture featured, and the house was comfortably filled with men, women and children. Without warning there was a terrific crash, as the fire-seared walls over the rear of the building came tumbling down, torn by a high wind, crashing through the roof in front of the screen, and pinning beneath it more than one hundred of the audience. Almost immediately crowds on the streets, and many who were waiting in line in front of the ticket office rushed frantically to telephones to call for aid and then back to the theatre to lend their individual assistance.

Soon there was a crowd sufficient to begin tearing away the debris and pieces of roof from beneath which the dead and injured were removed, the former being taken to the local undertakers, and the latter to the Clark County Hospital. Every physician in Winchester was called to the scene and messages were sent to Lexington, Mt. Sterling and Paris for physicians and nurses, which met with instant response.

Representatives of the State Fire Marshal's office from Lexington and Frankfort arrived in Winchester yesterday and will conduct a searching investigation and fix responsibility for the disaster where it belongs. Minor & Bloomfield, owners and operators of the Pastime Theatre, claim that permission had been given them by Mayor Scrivner and Councilman Wheeler, in spite of the danger of the wall falling in. Mayor Scrivner denies this. The investigation will determine who is right.

At a mass meeting at the Winchester court house \$3,500 was raised for relief work and burial of the victims, most of whom were from poor families. An additional \$500 was raised among the churches of Winchester.

The condition of Mrs. Robert Baber, whose husband was killed in the crash, is regarded as the most serious of those who are in the Clark County Hospital. Many of those whose injuries were not of a serious nature have left the hospital and returned to their homes. It is believed there will be no new names to be added to the death list, as the patients are all doing well.

BOURBON CIRCUIT COURT.

The March term of Bourbon Circuit Court convened yesterday morning for a three-weeks' session, unless the docket is cleaned up in less time.

In the absence of Circuit Judge R. L. Stout, who is ill at Clearwater, Florida, Judge C. D. Newell, of Maysville, Judge of the Nineteenth Judicial District, is presiding as Special Judge. Commonwealth's Attorney Victor Bradley, of Georgetown, is at his post of duty.

Judge Newell made a very brief but concise charge to the grand jury, admonishing them to be vigilant and to give their undivided attention to their duties. He said he had no special charge to make to them beyond advising them of the nature of their duties, and to see that all matters coming before them for investigation were promptly and fully entered into. Judge Newell made a very favorable impression.

The grand jury is composed of the following: Vol. W. Ferguson, foreman; T. W. Current, John Marston, Charles White, John Marr, N. Ford Brent, Fred M. Fisher, J. Frank Clay, S. L. Weathers, H. S. Caywood, Carl Williams, J. M. Scott.

This will be a very busy term. The criminal docket holds four murder cases. The one which will attract the most attention is that of Oscar Johnson, held for the killing of Wm. Rice, in a local restaurant some time ago. Johnson has retained Hon. Edwin P. Morrow, of Somerset, as assistant counsel. Attorney Oscar T. Hinton, of Paris, will be chief attorney in the case. The grand jury may be called upon to review evidence in two other cases, when men charged with murder were acquitted on the ground of self-defense by the Coroner's jury.

Beyond hearing the usual motions and assigning several cases for trial, no business was transacted in the court yesterday afternoon. The court adjourned until this morning, but the grand jury remained in session.

IN THE SERVICE OF THEIR COUNTRY.

A large silk service flag, in honor of the North Middletown boys who are enlisted in the army and navy, was unfurled and dedicated with appropriate ceremonies at the North Middletown Christian church.

Mr. Brown Buchanan, of Clintonville, has enlisted in the army service with the Dr. Barrow Base Hospital Unit No. 40, and has joined the Unit in their quarters at Camp Zachary Taylor.

The soldier boys in the various cantonments throughout the United States are always glad to get the newspapers. This is especially true of the Paris and Bourbon county county boys. They all go after THE NEWS like a hungry man after hot cakes (and THE NEWS is going to a large number of the boys.) A postcard to Mr. John R. Owens, of THE NEWS force, from Corporal Teddy Shannon, in the army aviation camp near Waco, Texas, says:

"I surely do enjoy THE NEWS very much, and certainly would hate to be without it. I heard Brooks Woodford was in Waco, but have not seen him as yet. We had a good rain here last week, the first one in eighteen months. The weather is warming up, and we hope we will not be here when summer comes."

Mr. Baldwin Woods, son of Mrs. Jack Woods, of Paris, who is a member of the Dr. Barrow Base Hospital Unit No. 40, now at Camp Zachary Taylor, Louisville, has been assigned to duty in the operating room at the Camp Hospital.

BOURBON FISCAL COURT.

At the March term of the Bourbon Fiscal Court, with Judge Batterson presiding, and the full Board of Trustees sitting, an order was entered directing County Attorney D. D. Cline to prepare papers in a friendly suit to be brought against the City of Paris to determine the question of ownership of the Maysville pike in Paris (Main street) from the East Paris bridge to the city limits at the intersection of the North Middletown pike.

Claims against the county amounting to \$1,437.47 were allowed and ordered paid. County Treasurer S. E. Bedford was authorized to borrow \$2,000 from the Garth Fund for use of the Turnpike Fund in forwarding the county road work. The Court received surveys and specifications of the Maysville & Lexington pike from the city limits of Paris to the Fayette county line. This is preparatory to improving the pike with resurfacing material.

A steel filing cabinet for the use of County School Superintendent J. B. Caywood was ordered installed provided half the expense of installation would be born by the County Board of Education. An estimate of expenses for his office for 1918 amounting to \$23,050, was filed by County Superintendent J. B. Caywood.

The Court adjourned to April 4.

MIDNIGHT BLAZE CAUSES \$30,000 LOSS AT WINCHESTER.

Several occupants of the Luman Building, on North Main street, in Winchester, had a narrow escape from death when the structure, together with its contents, was burned at an early hour Friday morning. The estimated loss is \$30,000. No cause for the blaze has yet been discovered.

The lower floor of the building was occupied by the French Hardware Store and the Navarra fruit stand, while the third floor was occupied by Mrs. H. F. Elkin and little daughter, Margaret; Mr. and Mrs. Carl Shepherd, and Mrs. Myra Lockname.

The building was valued at \$20,000 with about \$6,000 insurance. The stock on the third floor of the tobacco company is valued at \$3,000 with about \$1,900 insurance, while the loss to the hardware store is estimated at between \$5,000 and \$10,000, covered by insurance.

INTERESTING COMMUNICATIONS UNAVOIDABLY CROWDED OVER

There's a very trite old saying: "It's either a feast or a famine." This applies to news matter in a newspaper office. Sometimes it's hard work to "dig up" enough to make a respectable showing, while at another time there will not be room for all the good things that are offered.

Three very interesting communications sent to THE NEWS yesterday for publication had to be held over for another issue on account of the pressure on our news space, which not permit of robbing the space accorded to strictly local news. We ask the indulgence of our contributors under these circumstances.

PARIS MEN IN CUTTING SCRAPE AT MAYSVILLE. TWO CAUGHT IN POLICE DRAG-NET.

As the result of a cutting affray, which occurred in the Maysville yards of the Louisville & Nashville between W. C. Powell and W. S. Hertig, both former Paris men, Powell has been taken to the hospital in Maysville, suffering from knife wounds in the back, and on the arm and shoulder. The wound in the back, being just over the lung, is the most serious one.

Both men are brakemen. While in the caboose of their train just before it pulled from the station in Maysville, they became involved in a heated argument. In the midst of the war of words Hertig pulled a knife from his pocket and stabbed Powell in the back, inflicting an ugly wound. Powell also received wounds on the left arm and shoulder, neither of which were serious.

Powell was taken to a physician's office in Maysville, where his wounds were dressed, after which he was sent to his mother's home in Ewing, and was later taken to the hospital in Maysville, on account of the wound in the back which threatened serious consequences. Hertig was arrested by the Maysville Chief of Police, and placed in the Maysville jail. He was later taken before Judge Whitaker, and granted bail in the sum of \$500 to appear for examining trial.

COUNTY TAX SUPERVISORS IN SESSION AT COURT HOUSE.

The County Board of Tax Supervisors, appointed by County Judge George Batterson, to take charge of the assessment of Bourbon county, convened in session at the court house yesterday. The Board is composed of Messrs. Ossian Edwards, George Current, H. C. Clifford, Isaac Wilcott, Benj. Woodford, Sr., E. M. Costello, Ray Burris and Jos. Penn Redmon. The Board will remain in session until the books of the Assessor have been gone over thoroughly.

In connection with the work of the Board, Mr. M. M. Logan, of Frankfort, Chairman of the State Tax Commission, sent the following official communication to County Clerk Pearce Paton, which was submitted to the Board at the opening session yesterday, for their guidance:

"After due consideration, and after hearing on March fifth, the State Tax Commission has concluded to direct the Board specifically as follows: 'It will increase the assessed value of lands from \$11,407,053 to \$15,757,058, or a total increase of not less than \$4,350,000. The Board will do this by placing upon the assessment books all lands which have been omitted, and by increasing the assessed value of individual taxpayers whose assessment is less than seventy-five per cent. of its actual value. The Board shall see that no property is assessed for less than seventy-five per cent. of its actual value for the present year.'

"It will increase the value of town lots from \$3,058,201 to \$3,458,201, or a total increase of not less than four hundred thousand dollars.

"The Board will increase the value of tangible personal property from \$2,575,099 to \$2,775,099, or a total increase of not less than two hundred thousand dollars.

"The shares of bank stock of the eight banks of your county have not been assessed. The total capital stock, surplus and undivided profits of the banks, on a seventy-five per cent. basis, is \$781,138. From this sum should be deducted the value of the real estate and fixtures assessed and the remainder is the value of the shares of bank and should be placed in column 27, just before the grand total of all property subject to taxation. The real estate should be placed in the same column as the real estate of other taxpayers. This assessment shall not be considered as part of the \$4,950,000 increase mentioned above."

THE TOBACCO MARKETS.

The Bourbon Tobacco Warehouse Company sold yesterday 18,315 pounds for \$5,524.81, an average of \$30.16 per hundred pounds.

Some crop averages follow: F. A. Wallis sold 4,190 pounds; average \$33.98.

Rogers & Sims sold 4,275 pounds; average \$29.58.

Gore & Gregory sold 1,185 pounds; average \$31.95.

Stephenson & Bramble sold 3,265 pounds; average \$26.72.

The New Independent House sold yesterday a total of 43,780 pounds of tobacco for an average of \$31.60. Some of the best crop averages were as follows:

Hopper & Price sold 4,840 pounds; average \$41.45.

James Crumble sold 1,620 pounds; average \$29.16.

Lyons & Ewalt sold 2,470 pounds; average \$29.79.

Boyd & Ryles sold 5,820 pounds; average \$34.62.

KENTUCKY WOMEN VOLUNTEER IN ARMY CANTEN SERVICE.

A new service of the American Red Cross is attracting many of the women of this country who are unable to serve as trained nurses. This is known as the canteen service, and means work at the stations, behind the firing lines, which are maintained by the Red Cross for the comfort of the soldiers returning from the trenches.

At the canteens food is served, writing materials are provided, and the weary soldiers are made comfortable while resting on their journeys to and from the lines.

It is understood that a number of Kentucky women will endeavor to secure positions for this service. It is required that those volunteering be able to pay their own expenses during their stay in Europe. Among those who have been cited for this service is Miss Kate Alexander, of Paris. It is understood that Miss Alexander is anxious to go, and, as she is very charming and capable, she would be able to fill the position most admirably.

REAL ESTATE DEALS AND LAND SALES.

Mr. Emmett D. Hopkins, of the Little Rock vicinity, in this county, who recently rented the J. W. Scott farm, on the Ruckerville pike, about one mile from Winchester, has about completed the work of moving his household goods and live stock, and will be joined by his wife at their new home this week.

Scott & Adcock, of Winchester, as agents for B. S. Parrish of Austerlitz, sold his farm of seventy acres, located near Austerlitz, to C. S. Moffett, of Winchester, for \$130 per acre.

The Steve Shifflet farm of 3 1/2 acres, with improvements, located on the Hawkins & Cummins pike, near Centerville, passed into the ownership of Mr. George Hammons, of that vicinity, last week, for a price not given out for publication.

Mr. T. W. Spicer has purchased of Mrs. R. B. Hutchcraft a vacant lot on Houston avenue, adjoining the home of Mr. and Mrs. Custis Talbot, on which he will erect a handsome home this spring. The price paid for the property was not made known.

Mrs. J. T. Brown sold recently to Mr. Walter Kenney, of near Paris, an unimproved tract of land, containing sixty-seven acres, adjoining his home place on the North Middletown pike, for a private price. Mr. Kenney gets possession of the land this week.

Among the deeds recorded Saturday in the office of the County Clerk of Fayette county, was one from Jas. W. Ferguson, formerly of Paris, conveying to Shipp & Taylor, of Bourbon county, 373 acres on the Clintonville pike, and 72 acres near the Louisville and Nashville railroad.

Mr. Harry Mitchell sold yesterday of Mr. Robt. Crawford, a frame cottage on Kentucky avenue, in the Rosedale Addition to Paris for \$650.

McClintock & Caywood sold to Wm. Brannock nineteen head of yearling cattle for \$52.50 per head. They bought six head of work mules in Cynthiana, for which they paid \$1,455.

Ben Woodford sold to Clarence Kenney and Catesby Woodford, Jr., eighty-six head of stock ewes to lamb in April, for which they paid \$20 per head.

Mr. Charles N. Peddicord added to his real estate possession Saturday when he purchased of Miller & Lileston for \$1,500 a tract of land in the Wildwood Addition to Paris. This tract adjoins the one he recently purchased of Wilder & Gorey, in the same addition. This gives Mr. Peddicord a landed estate of ten acres. He will move to the home soon.

THE WEATHER.

Weather conditions in Bourbon have been almost ideal the past few days, with exception of Saturday when heavy rains and very high winds threatened damage for a while. The succeeding days have been bright and clear, furnishing much-needed opportunity for outdoor work for farmers and gardeners.

The predictions for to-day for the Ohio Valley and Tennessee are for a continuation of clear bright weather, with a return to warmer conditions.

LEXINGTON WINS HIGH SCHOOL BASKETBALL TOURNAMENT

The Lexington High School five came out winners of the High School State basketball tournament held in Danville, Friday and Saturday. The games which told the story were played Friday with Somerset and Monticello. Monticello proved easy, but the victory over the Somerset team was won by the narrow margin of 16 to 15.

The cup won had been held last year by Owensboro. That city was not represented in the tournament this year, Covington taking its place. The seven High Schools participating were Paris, Covington, Danville, Lawrenceburg, Lexington, Monticello and Somerset.

Paris played three games, winning over Covington and Lawrenceburg, both by the same score, 44 to 18. They were defeated, however, by Somerset, the score being 29 to 12.

Owing to the fact that there was an odd number of teams entered, it was necessary for some one to draw the odd game at first, and thus be handicapped throughout the tournament. Unfortunately Paris was the one to draw the odd game, and this placed them against the strong team from Somerset on Friday afternoon for a game which did not count in the tournament, but which was fatiguing and helped to sap some of the surplus energy that might have been used to good advantage later.

The members of the Paris team were enthusiastic over their treatment by the students of Centre College and the people of Danville. They enjoyed their trip to the very fullest, even if they did return without the coveted cup.

EDITORIAL MUSINGS.

Labor a Coming Force.

The important fact in the world to-day is the participation of labor in the determination of terms for peace. At the recent allied conference of laborers and socialists in London the convention handled subjects which are solely within the ordained provinces of constituted governments, but all the same they handled them.

Subsequently, the aim of allied labor and allied socialists are at one with their governments. They demand just compensation after consideration of the high cost of living. We believe that the day is coming when only those who earn their living will be granted it, and we are not certain that the idea has anything wrong with it.

You work, and we work, and those who do nothing shouldn't kick if the workers arrange the government and terms of peace. It's coming, and kickers or not, Schwab was right. He saw the handwriting.

The Little Red School House.

Who could have forecast, after reading all of the uplift literature which preceded the adoption of the consolidated schools, that in so progressive a State as New York a formidable appeal for the repeal of the township law and the reinstitution of the little red school house would be made in 1918?

If there ever was a question which seemed one-sided it was the question of the comparative values of the consolidated school, with the large staff of teachers, and the model school building as against the one room, one teacher, one-horse country school with a red-hot stove in the middle and the wind penetrating cracks at the corners. Yet the New York Legislature hears "impassioned appeals" in behalf of the abolishment of the new form of rural education and return to a system popularly believed to be beyond any question as out of date as the flint lock rifle and the spinning wheel.

There may be special conditions in New York which make such a fight feasible. We cannot believe that the consolidated school is a mistake and that there ever will be a general return to the one-room school house.

Wilson's War Aims.

President Wilson has consolidated the opinion of the liberal leaders in all countries. French socialists emphatically declare his platform of peace is their own, British labor enthusiastically endorse his statement of their aims, his own words liken themselves unto the ideals of the Bolshevik, Premier Asquith openly takes his side with Wilson, inferring that he is ready to make issue with Lloyd George upon the statement, "American pacifists of the worst type and on criticism, and even German and Austrian socialists and labor leaders find no plane upon which to assail the calculated logic of the American President."

The cool campaign of publicity, which is being given to all war aims,

Sammy in Three First Line Sectors Is Ready for Huns

Along three sectors of the battle line in France our Sammies are now making ready for a real clash with the Huns. Hints from war officials within the last week are that the new allied war council may order an offensive which will beat Fritz "to the first big punch" and if so, Sammy will be in there with all his fighting strength. Here is a new picture of our boys in the first-line trenches and all ready for the Germans—even to the steel helmets and the gas masks strapped at the belt. And Sammy is cheerful with it all. Look for yourself.

is certain to contrast Teutonic ideals with American. Our allies, it must be admitted, as shown by their secret treaties, had no such altruistic aims before American entered the war, and President Wilson defined the terms upon which democracy will be free. This service of his is worth thousands of soldiers.

Farmers Must Plant Grain.

If all those who claimed exemption upon agricultural grounds will get busy and plant some of their acreage in wheat and other foodstuffs the people of the United States won't have to worry about the size of the loaf. From what we know of the situation in this section of the country there is a lot of room for improvement, and the farmers should lend every energy in the support of the government.

The success of the present war depends primarily upon ships, and then upon foodstuffs. Without either the cause for which our country is at war will be lost regardless of the valiant sons in training. Almost every farmer hereabouts should largely increase his acreage in food articles, and the community as a whole ought to cease its silly and foolish custom of importing from other sections the corn and hay for the animals and the flour and other foods for men.

Think This Over.

There is one thought that arises in connection with our Government's war financing that perhaps has not been sufficiently emphasized. Do we realize that he have got to comply with the government's demands for money, however great they may be? It has been determined after much thought what percentage of the funds needed should be raised by taxation and what proportion by loans. If for any reason the requisite amount cannot be secured through the sale of bonds and stamps, the only alternative is higher taxation.

From a purely material viewpoint, therefore, is it not to the interest of the citizen that he lend his money to the Government and secure a fair rate of interest for it instead of having it taken from him as additional taxation? Think this over?

Help The Newsgatherer.

My friend, help the editor in his wide-eyed search for news. When your friends come to see you, if you are not ashamed of it, tell him; when your wife gives a tea party, if you have recovered from the effects of the gossip, drop in with the news; when a new baby arrives, fill your pockets with cigars and call; if you go to a party, steal some of the good things and leave them at our sanctum.

All Pull Together.

The prosperity of a town is not guarded by the wealth of its inhabitants, but by the uniformity with which they pull together when an important undertaking is to be accomplished. A man with a thousand dollars at his command and a love for his town in his heart can do more for its upholding than the millionaire who looks up his capital and snaps his fingers at home enterprise.

Greatest Woman In History.

Who is the greatest woman in all history? One hundred and fifty school teachers recently answered the question, and with enthusiasm and unanimity the judges awarded the prize to one who made this reply: "The wife of a farmer of moderate means who does her own cooking, washing, ironing, sewing, brings up a family of boys and girls to be

useful members of society and has time for intellectual improvement."

Needed At Home!

A young woman in Illinois has resigned her position as teacher in the public schools for the purpose of going as a missionary to Africa. Why should she go so far when Chicago is so near, and where there are more heathen to the square yard than there are in Africa to the twelve square miles. Strange idea of missionary work these school marm have.

EVERY MAN WILL HAVE TO GO TO WORK!

Under the provisions of the bill of Senator Morris, which passed the Senate by the vote of 34 to 0, every able-bodied male in Kentucky virtually is drafted to work. This bill which is known as the vagrancy act, remains in effect for six months after the war. A similar measure introduced in the House by Representative Claude M. Thomas passed during the early part of the week.

The bill provides that every able-bodied man between the ages of sixteen and sixty, except students during school term, who fails to regularly and steadily engage for at least thirty-six hours a week, in some lawful and recognized business, shall be held to be a vagrant and guilty of a misdemeanor punishable by a fine of not less than \$20 nor more than \$100. Such person shall also be ordered to work not exceeding sixty days upon the public roads or streets, or upon some other public work.

CYNTHIANA WANTS STATE AID FOR PUBLIC STREET.

The Cynthiana Log Cabin says: "Attorney General Chas. M. Morris has rendered an opinion that the city of Paris is entitled to State aid road money for Main street in that city, if the street is a connecting link in an inter-county highway. Main street, Cynthiana, and Pike street, too, for that matter, is a connecting link in such a highway, and it might be worth while for the city authorities to look into the matter and see whether Cynthiana is entitled to some State aid money. Every little bit helps."

SOLDIER BOY WRITES FROM "SOMEWHERE IN FRANCE."

In a letter to his father, Mr. Wm. P. Fisher, of this city, Owen Fisher, who is a member of the American Expeditionary Force, now in France, tells a little of his impressions of that land. Mr. Fisher states that a Christmas box shipped long before Christmas was not received until the day his letter was written, on February 10. The delay was caused by the large accumulation of mail and Christmas boxes, making it almost impossible for the Christmas goods to be delivered to the soldiers on time. Extracts from Mr. Fisher's letter follow:

"In France, February 2, 1918.

"Dear Dad:

"I received your letter of December 26, and was certainly very glad to hear from you again. I was certainly sorry that you had to take the cake out of my box, as it would have been very acceptable to me. Sweets are awfully hard to get in this French town, and when you do get them it takes nearly a month's salary to pay for them. * * * I have taken out \$10,000 insurance in the Soldiers and Sailors Insurance Fund which Uncle Sam has provided for us.

"When you send me a box again please put in some gloves that will stand hard knocks and rough uses, as we cannot get them here. I would also like to have some candy and cigarettes, as it is almost impossible to get either here. This is a strange country to me. The fog is so thick here at nights, and even on some of the days you can hardly see fifteen feet ahead of you. * * * I hope to be back in good old Paris, Ky., some of these days. Not a good prospect. And just think that it takes at least two months from the time I write to you before I hear from you again, so you have to figure that far ahead, at least."

Under date of February 10, young Fisher writes:

"I received your letter last night. It was some time in getting here. I also received the box you sent me. Was very glad to get it, but for goodness sake, I don't know what I am going to do with all my stuff, as I have no place to carry it around with me. * * * I wish you would send me some matches, as these French matches you get here are absolutely no good. I hope I will soon get the box you are going to send me, as I am needing some chewing and smoking tobacco. Oh, dad, you just don't know what a great thing it is for the soldiers to get tobacco. We would as soon have it as food some times. I wish you would put what you are going to send in small packages, as we have better luck in getting them. They are not stopped on the way. Some of the boys do not get their packages on that account.

"I told some of the boys about the tobacco you were sending me, and they were as glad as kids about it. Just to think we are going to get some real, sure-enough old Kentucky tobacco once more * * * I don't think much of these French girls. None that I have seen yet have appealed to me. So don't worry for fear I might bring one of them home with me. I don't have much time to see any of them anyway, so it doesn't matter about the 'skirts'.

"I am feeling fine and dandy, and all the others in our command are well and hearty. I would like to write a different kind of letter, but you see we are on duty, and have been warned not to write anything concerning the army or its movements. So, as I haven't any news that would interest you, I will close, hoping to hear from you again real soon."

Fisher is a member of the U. S. Signal Corps, his full address being: "Owen D. Fisher, Co. D, 409th Telegraph Battalion, Signal Corps, American Expeditionary Force, via New York, N. Y."

WASTE AND THRIFT.

One effect of the war has been that the people are beginning to understand the truth of the statement that whatever is spent for unnecessary things is a waste of labor.

All that is paid out for unnecessary and expensive food, clothing, and a thousand other needless things, involves a dissipation of labor that is serious and alarming at this particular time.

The scarcity of all sorts of necessary commodities drives home the need of stopping the waste of labor and of diverting it from the production of non-essentials to the making of those things that must be had to sustain the physical and mental efficiency of the people. The only possible way to accomplish this is for everyone to always think twice before buying the things that are not necessary. In other words, systematic thrift—not spasmodic saving—is the one method by which the production of necessities can be made to equal the essential demand. Otherwise the shortage of commodities is bound to become more and more acute, and the physical stamina of people gradually undermined.

A double benefit will accrue if the savings that result from thrift are invested in Liberty Bonds, for the strain of war financing will then be just so much removed from capital which can to that extent continue to be used in the production of those things that are needed in the war and that are vital to the prosperity and progress of the country.

Colonel Roosevelt says he has waited on table and blacked boots. The man who keeps the tabulated statistics on what the Colonel has worked at will now get busy.

What's the use of the Kaiser's wasting water and doctors' bills at a spa? He can't be cured of what ails him.

SOCIAL AND PERSONAL.

Comings and Goings of Our People Here, There and Elsewhere.

UNPRECEDENT ACTIVITY IN CONSERVING FOOD.

Home and community canning prospects for 1918 indicate an unprecedented food conserving activity on the part of American people, says O. H. Benson, Chief of the Department of Agriculture Canning Club Week for Boys and Girls. The department this year has doubled its force of canning workers, while home gardeners will provide vastly more stuff to be canned this year than they did last and wastage will be less because of the educational program carried out, said Mr. Benson.

The Government First

Tremendous as is the present activity in the marshaling of men, food and munitions for the conduct of the war, the placing of the Bell system unqualifiedly at the disposal of the government has relieved one paramount factor of preparedness.

Every American who wants to help win this war should bear in mind that private service must give way to government service should emergencies require that everything be subordinated to the telephone demands of the army, the navy and other representatives of the government.

So when the increased business of fall and winter is reflected in your telephone service by a slowing down and by more frequent "busy" reports, remember that we are using every means at our command to keep our service up to its usual standard. Every available position at our switchboard is occupied and it is difficult to secure additional positions because Uncle Sam's requirements have reduced the available supply of material to the point where manufacturers cannot make a definite promise of delivery.

Here's how you can help. Use the telephone only for necessary calls, particularly during the busy hours of the day. Be patient when there is a delay. Be cheerful to the operator and if you have trouble call "COMPLAINT."

We appreciate co-operation.

THORNTON CONNELL AS A STUDENT OF FRENCH.

In the Kentucky University column of Sunday's Lexington Herald appears the following regarding a Paris boy: "Thornton Connell, of Paris, editor of the Kentucky Kernel, and a student of French at the University of Kentucky, recently with the rest of his class, as part of his class work, was instructed by friend teacher to write a letter to a French soldier. He did, and this week back came a reply to 'Mademoiselle' Thornton Connell, in which much flattery was cut loose, with all kinds of feminine endings on the nouns which referred to the surprised addressee."

Dr. Petree will be the guest of honor at an afternoon tea to-morrow, preceding the lecture, to be given by the young ladies of the Society, at the home of Dean Hamilton, of the University, on South Limestone street.

AUTO SUPPLANTS STAGE.

For twenty-five years Walter Thomas has driven the stage from North Middletown to Paris, carrying mail, freight and passengers. The stage line for many years made the through trip from Mt. Sterling to Paris, during which time it was under the guidance of many different pilots.

Now the spirit of progress has reached out and laid its hands on the stage-wagon, which will be retired and its place taken by an up-to-date auto truck. Mr. Thomas will remain in charge and serve his patrons as usual.

The old order is gradually changing, and to-day there are comparatively few horse-drawn stage lines in operation in Kentucky.

RELIGIOUS.

—There was a large attendance at the services at the Centreville Methodist church Sunday. Rev. Owens, of Wilmore, filled his regular appointment there on that day, and preached special sermons of great interest. He was accompanied by Rev. Rice, of Detroit, Mich. Special music was furnished by the Wilmore Quartet.

—Rev. Geo. R. Combs, pastor of the Paris Methodist church, will go to San Antonio, Texas, about March 18, where he will assist his university classmate, Rev. Henry M. Ratliff, in conducting a revival meeting at the Prospect Hill Methodist church. Rev. Ratliff will assist Rev. Combs in a revival at the Paris church some time in the early summer.

—The Women's Missionary Union of the Baptist church will hold its annual Home Mission meeting in the church parlors at 2:30 o'clock this afternoon. A special offering for the year's Home Mission work will be taken. A musical program will be rendered. Rev. R. C. Goldsmith, the pastor, will address the meeting on the subject of "Kingdom Building."

In olden times there was a saying that "when thieves fall out, honest men get their due." Now, instead of falling out they divide the "territory" and honest men don't stand the ghost of a chance.

THE RED CROSS NURSES OF EUROPE ARE GIVING TOASTED CIGARETTES TO THE BOYS

To anyone who doesn't know of the wonderful advances that have been made in the preparation of smoking tobaccos in the last few years it may sound strange to speak of toasted cigarettes.

Strictly speaking, we should say cigarettes made of toasted tobacco; the smokers of this country will recognize it more readily by its trade name, "LUCKY STRIKE"—the toasted cigarette.

The American Tobacco Company are producing millions of these toasted cigarettes and these are being bought in enormous quantities through the various tobacco funds conducted by the newspapers of the country and forwarded through the Red Cross Society to the boys in France.

This new process of treating tobacco not only improves the flavor of the tobacco but it seals in this flavor and makes the cigarettes keep better.

The Red Cross nurse is always glad to have a cigarette for the wounded soldier, as, in most instances, that is the first thing asked for.

STATE UNIVERSITY MAN IS ONE OF LONDON'S DEFENDERS

Captain Keeling Pulliam, of the aviation section, U. S. A., formerly a student of the University of Kentucky, is at present in the London patrol and is one of the aviators who flies each night over the English capital to protect its people from German raiders.

Captain Pulliam was graduated from the University of Kentucky, June, 1916. His brother, Harold Pulliam, also a former student of the University, with Rasty Wright, a former Wildcat, is at Boston in aviation training.

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the Mucous Surfaces of the System. One Hundred Dollars Reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for testimonials.

FORGOT WHAT HE NEEDED.

From the Republican, Mt. Gillad, Ohio: The editor had an interesting experience some time ago, when a young gentleman came to his office and asked for a copy of the Morrow County Republican. He scrutinized it carefully when a copy was handed him, and then said: "Now I know!" "What is it you are looking for," we inquired. "My wife sent me after a bottle of Chamberlain's Cough Remedy, and I forgot the name. I went to several stores and the clerk named over everything on the shelf except "Chamberlain's". I'll try again, and I'll never go home with out Chamberlain's Cough Remedy." The Republican would suggest to the proprietors of drug stores, that they post their clerks, and never let them substitute. Customers lose faith in stores where substituting is permitted to say nothing of the injustice to the makers of good goods and the disappointment of customers.

Between the task of keeping the outside world ignorant of the true situation of Germany, and keeping the German people ignorant of the true situation in the outside world, the Kaiser is about as busy as a man with a basket of eels.

After reading President Feng Kwo Chang's retirement message one feels what a splendid example he is to certain other rulers.

Of course every effort will be made to keep the Germans from trying to see whether Mr. Saunders' unsinkable ships are sinkable.

TEACHING GERMAN BARRED IN KENTUCKY SCHOOLS

The Kentucky Legislature by a vote of 58 to 18, has passed the bill introduced by Representative Vanhoose, of Johnson county, prohibiting the teaching of German in the public schools of Kentucky. One of the strongest speeches in favor of the passage of the bill was made by Representative Claude M. Thomas, of Bourbon county, who said he hoped he would "never hear German spoken again in the land of liberty and enlightenment."

Apropos of this, THE NEWS takes pleasure in publishing the following letter from Prof. G. Brittain Lytle, professor of languages at the Barbourville, Ky., College. Prof. Lytle recently favored THE NEWS with an interesting communication, a translation from a Spanish paper regarding a controversy as to the birthplace of Thomas Alva Edison, the American wizard of electricity. Prof. Lytle's letter follows:

"Barbourville, Ky., March 9, 1913.

"Ed. BOURBON NEWS, Paris, Ky.

"Dear Sir: I am prompted to ask you to extend hearty congratulations of an old teacher and friend of the youth of our country, to Representative Thomas, of your county, and other members of the Kentucky Assembly, upon the passage of the bill for the discontinuance of German as a foreign-language study in the public schools of our State.

"As long ago as 1915, while attending the Pan-America-Pacific International Exposition at San Francisco, California, to celebrate the completion of the Panama Canal, where I was engaged as Spanish interpreter by the California State Exhibit, I saw the statement in the Chronicle, one of the leading San Francisco and Pacific Coast newspapers, and one of the most reliable publications, that Germany had for above twenty-five years had a dogged propaganda in the United States for the stimulation of the study of German, 'not primarily for the benefit of the American schools, nor yet for the ulterior purpose of cultivating amicable relationship with our country, but almost exclusively for the purpose of keeping American schools from logically and naturally adopting the other great National language of America, apart from the English, the Spanish, as the foreign language study and thus equipping American business men with an effective advantage for acquiring their share of the expanding business and developing fields of enterprise and industry of Spanish-America against German competition and intrigue.'

"When the present war is over we shall probably have, if possible, less use for the Teuton tongue than formerly. It could be of no use to American youth except as intellectual exercise. Spanish, while a new-world language, is an old-world language, too, like English, these two National languages of America being the most highly developed and systematic, besides being richest in literature.

"Yours very truly,

"G. BRITAIN LYTLE."

RHEUMATISM IS A LOT BETTER

Tells How Tanlac Radium Treatment

Helped Him—Benefitted

In Three Days.

Robt. Malcolm, 68, of 1317 Walnut street, Cincinnati, Ohio, says he has found a certain source of relief in Tanlac Rheumatism Medicine, after suffering from the aches and pains of rheumatism for five years. Tanlac Rheumatism Treatment is the new treatment for rheumatism which contains radium.

"I live on the third floor and it used to be that I could hardly climb the stairs to my flat because of the severe rheumatic pains in my knees and the calves of my legs, but I can climb up to my flat a whole lot easier now and I've only been taking this Tanlac Rheumatism Treatment for three days," said Mr. Malcolm.

"I'm a carpenter by trade and lots of my work makes it necessary for me to get down on the floor on my knees. The rheumatic pains used to be so bad that I could hardly get to my feet after working on the floor on my knees.

"The pains kept me awake at night, too. Sometimes it felt like my legs were being pulled off of me. The lack of sleep and rest made me feel bad in mornings and sometimes I couldn't go to work.

"I was surprised that Tanlac Rheumatism Treatment should help me so quickly. The pains have gone away so much now that the last two nights I have slept better than I have for weeks. I can get to my feet better after working on my knees, too. Only yesterday I was doing some floor repairing and after I got through with the job I was surprised at how easily I could get to my feet.

"I believe that with a thorough trial Tanlac Rheumatism Treatment will rid me entirely of my rheumatism, and I am sure strong for this medicine and recommend it."

If you suffer from rheumatism get Tanlac Rheumatism Treatment today. Try a real medicine for rheumatism. Try Radium. You can get Tanlac Rheumatism Treatment at Varden & Son's.

UGH! ACID STOMACH, SOURNESS, HEARTBURN, GAS OR INDIGESTION

The Moment "Pape's Diapepsin" Reaches the Stomach All Distress Goes.

Do some foods you eat hit back—taste good, but work badly; ferment into acids and cause a sick, sour, gassy stomach? Now, Mr. or Mrs. Dyspeptic, jot this down: Pape's Diapepsin helps neutralize the excessive acids in the stomach so your food won't sour and upset you. There never was anything so safely quick, so certainly effective. No difference how badly your stomach is upset you usually get happy relief in five minutes, but what pleases you most is that it helps to regulate your stomach so you can eat your favorite foods without fear.

Most remedies give you relief sometimes—they are slow, but not sure. "Pape's Diapepsin" is positive in neutralizing the acidity, so the misery won't come back very quickly. You feel different as soon as Pape's Diapepsin comes in contact with the stomach—distress just vanishes—your stomach gets sweet, no gases, no belching, no eructations of undigested food, your head clears and you feel fine.

Go now, make the best investment you ever made, by getting a large fifty-cent case of Pape's Diapepsin from any drug store. You realize in five minutes how needless it is to suffer from indigestion, due to acid fermentation.

NEED 5,000 NURSES FOR ARMY BY JUNE 1.

A call for 5,000 nurses between now and June 1, for services in military hospitals at home and abroad has been made upon the Red Cross by Surgeon General Goras, of the army. Nearly 7,000 nurses already have been supplied by the Red Cross, but the need for more grows imperative daily. Of the eighty or ninety thousand registered nurses in the United States, General Goras estimates that approximately 30,000 will be needed for service in army hospitals during the year.

Miss Jane A. Delano, Red Cross director of nursing, issued an appeal to the country's nurses to volunteer. She pointed out that such nurses would be eligible to participate in the army and navy insurance at nominal rates.

X. J. ROSE'S WILL IS ADMITTED TO PROBATE.

The last will and testament of the late Mr. X. J. Rose, of Bourbon, was admitted to probate in Judge Batterton's Court Friday.

The instrument, which disposes of a farm valued at about \$20,000, located near Jacksonville, in Bourbon County, besides a lot of personal property, was drawn on Oct. 7, 1916, and was witnessed by Messrs. Wm. G. McClintock and W. F. Talbott. The will makes the following bequests:

To Higgins Taylor, 18 acres of land and \$1,000 in cash.

To Tillman Taylor, \$1,000.

To Claude Taylor, \$500.

To Alvin Taylor, \$300.

To Mrs. Gertrude Taylor Speagle, \$300.

To Mrs. Speagle's infant daughter, \$100.

To Mrs. Maude Taylor Howard, \$200.

To Geo. T. Rainey, \$300.

To Mrs. Bessie T. Thompson, \$200.

To his sister, Miss Georgia A. Rose, \$2,500.

To his brother, R. A. Rose, \$200.

To Virgie Rose, \$100.

To Viola Rose Doane, \$50.

To Jessie Rose Benton, \$50.

To Lizzie Rose Means, \$50.

To Homer Rose, \$10.

To W. N. Rose, \$10.

To Alvie Rose, \$500.

To Orie Rose, \$100.

To Annie Rose, \$25.

To Minnie Rose, \$25.

To his sister, Mrs. Lillian Ritchie, \$200.

To Frank Ritchie, \$100.

To Alice Rose Wilson, \$100.

The residue of the estate is to be divided among the following heirs equally: Tillman Taylor, Higgins Taylor, Claude Taylor, Alvin Taylor, Gertrude Speigel, Maude Howard, Geo. Rainey, Bessie Thompson, Virgie Rose, Viola Doane, Jesse Benton and Lizzie Means.

The instrument named County Judge George Batterton as executor of the estate, but on account of his official position, he refused to qualify. It is probable that Mr. George Rose, of Paris, a relative of the testator, will be appointed as executor of the estate to-day by Judge Batterton.

THE BEST PROOF GIVEN BY A PARIS CITIZEN.

Doan's Kidney Pills were used—they brought benefit.

The story was told to Paris residents.

Time has strengthened the evidence.

Has proven the result lasting.

The testimony is home testimony.

The proof is convincing.

It can be investigated by Paris residents.

Mrs. J. T. Martin, 1024 Main St., Paris, says: "Kidney trouble came on from a fall and the results were very severe, causing me more suffering than the fall itself. No one can ever know what I went through at that time, for I suffered awfully. My back ached and pained until I thought it would break in two. Sharp twinges shot through my kidneys and if anyone had hit me in the back with a heavy axe it could not have hurt worse. In one week after using Doan's Kidney Pills, I felt like a different woman for they fixed me up in fine shape. (Statement given February 17, 1908.)"

RESULTS THAT REMAIN

On November 9, 1916, Mrs. Martin said: "Doan's Kidney Pills have made a cure for me and it has been permanent."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Martin had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

STUDENTS STUDY STOCK ON KENTUCKY ESTATES.

The class studying stock breeding at the College of Agriculture, University of Kentucky, will soon begin to spend Saturdays visiting various large stock farms of the State for the purpose of studying representative types of pure bred stock. The stock at the Kentucky Experiment station is inadequate for the extensive study required to give boys experience in judging. The class is composed of 40 men. During the remainder of the semester they will study sheep, beef cattle and swine with regard to their characteristics, origin, type and adaptability.

MOTHER! YOUR CHILD IS CROSS, FEVERISH, FROM CONSTIPATION

If Tongue Is Coated, Breath Bad,
Stomach Sour, Clean Liver
and Bowels.

Give "California Syrup of Figs" at once—a teaspoonful to-day often saves a sick child to-morrow.

If your little one is out of sorts, half-sick, isn't resting, eating and acting naturally—look, mother! see if tongue is coated. This is a sure sign that its little stomach, liver and bowels are clogged with waste. When cross, irritable, feverish, stomach sour, breath bad or has stomach-ache, diarrhoea, sore throat, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the constipated poison, undigested food and sour bile gently moves out of its little bowels without griping, and you have a well, playful child again.

Mothers can rest easy after giving this harmless "fruit laxative," because it never fails to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste. Full directions for babies, children of all ages and for grown-ups printed on each bottle.

Beware of counterfeit fig syrups. Ask your druggist for a bottle of "California Syrup of Figs," then see that it is made by the "California Fig Syrup Company."

ALL EXCEPTIONS TO THE 50-50 WHEAT SELLING PLAN REVOKED.

All exceptions to the food administration rule requiring the purchase of an equal amount of substitutes with each purchase of wheat flour have been revoked because of the necessity of conserving wheat for the Allies.

The entire country thus is put on a parity in regard to buying of wheat flour. Exceptions to the rule had been allowed in certain localities where substitutes are little known and hard to obtain.

Increased demands for breadstuffs from the Allies were announced several days ago, when the food administration abolished the meatless meal and the porkless Saturdays, as the consumption of meat and it was deemed more imperative to save the grain.

Shortage in arrivals from the Argentine caused the enlarged requests upon this country.

TRY THIS FOR SOUR STOMACH.

Eat slowly, masticate your food thoroughly. Eat but little meat and none at all for supper. If you are still troubled with sour stomach take one of Chamberlain's Tablets before going to bed.

CORN IMPORTS ARE CUT OFF TO MAKE WAY FOR WHEAT.

A temporary embargo on corn imports has been declared by the War Trade Board to increase the movement of wheat from South America, needed here for immediate consumption. Another purpose of the order is to make available wheat for shipment to Switzerland, which though promised supplies from the United States, is running perilously short because deliveries have not been made.

—The Christian church has called Elder Joe Myers, a student at Transylvania University, Lexington, as pastor for the coming year to succeed Elder C. O. Cossaboom, who recently resigned. Elder Myers will enter on his duties next Sunday.

—Mrs. Mary Foster, who died Wednesday at three p. m. of pneumonia, was interred in the Millersburg Cemetery, Saturday morning, after an appropriate service at the Catholic church at Paris. Her daughter, Mrs. Malcom Armstrong, of Farnesville, Va., did not arrive in time for the funeral. She reached Lexington while the funeral was going on and did not arrive in Millersburg until after the interment.

—Mrs. Dennis McMahan was severely burned Friday afternoon about the face and head, caused by the explosion of a hot air stove. She had replenished the fire sometime before the explosion with slack, which did not ignite at once, this created gas, which exploded after she had stirred the fire, bursting the stove and burning her severely. She is lying nicely at this writing, and the burns are not as serious as they were first thought to be.

—Mr. Joe Williams tendered his resignation as City Marshal of Millersburg at the Council meeting last Wednesday evening, to take effect March 15. He has occupied this position for a number of years and served the town well. It is with many regrets that we give him up. He will accept a more lucrative position at Paris, beginning April 1. His home will be sold at public auction this afternoon. Possession will be given about April 1, at which time he and his family will move to Paris.

—Mr. Thomas E. Savage, aged sixty-nine, died Saturday about eight p. m. at the home of his son, Mr. F. J. Savage, at Paris, after a lingering illness of a complication of diseases. Mr. Savage was born March 11, 1849, at Murphysville, Mason county. He was a son of Dr. and Mrs. William Savage, and was one of three children. One sister survives him, Mrs. William Hinton, of Paris. Mr. Savage and family moved to Millersburg when their children were quite young. After Mr. Savage grew to manhood, he operated a drug store in Millersburg for a time with his father. Later he resided at St. Joseph, Mo., for a time, after which he held several traveling positions for Cincinnati commercial houses. In 1889 he accepted a position in the drug store of Dr. W. M. Miller, and afterward held the same position with Mr. H. H. Phillips, then with Smith & Wadell, and for a short time with W. M. Wadell & Co. He was also Deputy County Clerk under Mr. Ed. D. Paton, and later his son, Mr. Pearce Paton, which position he held until his health failed him. For a long time he was notary public, and has written more wills, deeds, mortgages and contracts than any other man in Millersburg, except Mr. R. B. Boulden. He was a devout member of the Methodist church from boyhood, and for more than a quarter of a century a member of the official board, and for many years, until broken in health, he was its secretary.

He was united in marriage when quite a young man to Miss Gertrude Ingels, a daughter of Mr. and Mrs. F. B. Ingels, who preceded him to the grave some years ago. Five children was the result of this happy marriage, three sons, Dr. Wm. E. Savage, of Cincinnati, Mr. Robert Savage, who died when a young man, and Mr. F. J. Savage, train dispatcher for the L. & N. R. Co., at Paris, with whom he was temporarily residing at the time of his death; two daughters, Miss Mary Savage, who resided with him, and Mrs. A. C. Clockseim, of Cleveland, O.

For the past two years Mr. Savage has been in failing health, and it was realized by his family and friends that the end was slowly approaching. For a long time he was an invalid, but able to get around. Last fall when his health failed so he was no longer able to get about, he and his daughter, Miss Mary Savage, went to Paris to reside with his son, Mr. F. J. Savage. His daughter, Mrs. Clockseim, of Cleveland, was unable to attend the funeral on account of poor health. Prof. Clockseim was present.

The funeral services were held Monday at two-thirty p. m., at Millersburg Methodist church, and were conducted by Rev. J. D. Redd, P. E., of the Maysville District, a life-long friend of the deceased, assisted by his pastor, Rev. J. W. Gardner. The music was under the direction of Mrs. C. M. Best, of M. M. I. The floral tributes were beautiful and attested the high esteem in which the deceased was held by his family, relatives and friends. The remains were laid to rest on the family lot by the side of his wife and son, in the Millersburg Cemetery, perhaps about the same hour in the day when sixty-nine years ago he first beheld the light and glory of this beautiful world.

DEATHS.

CLAY.

—Mr. Sidney B. Clay, aged sixty-eight, a former resident of Bourbon county, died at the home of his nephew, Mr. Charles Colcord, another ex-Bourbonite, in Oklahoma City, Okla., recently. Mr. Clay was an only brother of Mrs. Mattie Clay Donaldson, of Paris. He was born on the farm on the Winchester pike, now owned by Mr. J. Frank Clay. He attended the public schools of Paris in his younger days. About fifteen years ago he moved to Oklahoma. Mr. Clay was the son of Wm. Green Clay and Patsy Clay, and was well-known throughout the Bluegrass section. The funeral and burial took place at Oklahoma City.

HARRIS.

—The funeral of Mrs. Virginia Harris, aged fifty-eight, who died at the Woodford Hospital, in Versailles, last week, was held Friday at the home of her brother, J. B. Smith, at Ducker's Station, in Woodford county. The interment followed on the family lot in the Lexington Cemetery. The pall-bearers were Sam Houston, Albert Smith, Cassius Smith, J. D. Smith, Jr., Nathan Linville and Fred S. Crumbough.

Besides her husband, one daughter, one son and two sisters, Mrs. Harris is survived by three brothers, one of whom, Dr. W. R. Smith, resides near Jacksonville, in Bourbon county.

DUNCAN.

—The funeral of Mr. James Duncan, aged eighty-nine, one of the pioneer citizens of Bourbon county, will be held at the Old Union Methodist Church at two o'clock this (Tuesday) afternoon. Services will be conducted by the Rev. W. W. Owen, pastor of the church. The interment will follow in the Old Union Cemetery.

Mr. Duncan, who had been an invalid for some time, died at his home near Centerville, this county, Sunday morning at eleven o'clock, of the infirmities of age. He is survived by three sons, James Duncan, of Covington; Wm. Duncan, of near Centerville, and Thos. Duncan, of Fayette county, and four daughters, Mrs. Samuel Collier, of near Leesburg, Harrison county; Mrs. Lute Herrington, of Woodford county; Mrs. Emma Goddard, of Lexington, and Mrs. Sarah Beckett, of Fayette county.

MATRIMONIAL.

—A marriage license was issued at Carlisle, Saturday, to Mr. Claude M. Graves and Miss Lida Grayson, both of that city. The marriage ceremony will be performed in this city tomorrow.

HOLT—SAMPSON.

—Mrs. L. Blanton Holt, of Lexington, formerly of Paris, has made public announcement of the engagement of her daughter, Miss Mary Catherine Holt, of Paris, to Mr. N. L. Sampson, of Paris and Louisville. The wedding will be celebrated early in April at the home of the bride's mother.

Miss Holt, who is a strikingly handsome brunette, has resided for several months in Paris, where she is stationed at stenographer in the office of Mr. J. A. Nickerson, Roadmaster of this division of the Louisville & Nashville road. Mr. Sampson is a member of the civil engineering corps of the L. & N., and is at present stationed at Ravenna, Ky., on the Lexington & Eastern division of the Louisville & Nashville.

CALVERT—BAKER.

—Announcement was made Sunday in the Lexington papers of the secret marriage of two popular young Lexington people, Miss Alice Calvert and Mr. Robert Baker. The wedding took place in Paris on January 26, but the young people, for sufficient reasons of their own, kept it a secret until Sunday, when the first public announcement was made. The attendants at the wedding were Miss Grace Hastings and Mr. Jas. Clay. The bride, who is a handsome and accomplished young woman, is the daughter of Mr. James Calvert, of North Broadway. Mr. Baker is a son of Mr. and Mrs. J. W. Baker, of West Short street, in Lexington. Mr. and Mrs. Baker have gone to Dayton, Ohio, to reside. Mr. Baker has secured a position in a large manufacturing concern in Dayton.

STOCK, CROP, ETC.

—Mr. Luther Hamilton, of Winchester, purchased of Caywood, Smith & McClintock, of this city, four head of extra fancy aged work mules for \$275.

—Holcom Bros., of Franklin, Ky., have purchased of Mr. John Marr, of near Millersburg, fourteen head of coming two-year-old mules at a fancy price. Mr. Marr also sold to Ed. Prichard, of this city, a pair of fancy dun-colored two-year-old mules for \$525. Mr. W. B. Allen, of Paris, bought of Mr. Marr a pair of closely-mated young mules, for which he paid \$600. The animals attracted a great deal of attention from stock men when they were delivered to Mr. Allen.

BELL'S FAMOUS HAWAIIANS

Bell's Famous Hawaiians, a large company composed of the musical wizards of the Western Islands, which comes to the Paris Grand Opera House, Thursday, March 14, will offer what will, no doubt, prove to be the most fascinating musical program that has ever been offered in this city. The program will include such Hawaiian successes as "Waikiki Beach," "Kaddie Koo," "Akahi Ho," "A Garden in Hawaii," "Sometime You'll Remember," "Hawaiian Butterfly," and many other well known Hawaiian successes.

And now Russia wants a senate. Wonder how many more calamities they may wish on themselves?
